Message from the Conference Chair

ETT is an annual International Conference on Education Technology and Training. The purpose of the conference is to bring together researchers and developers from academia, industry, and government to advance the science, engineering, and technology in Education Technology and Training. ETT was started in 2008. The previous conferences were held in Shanghai, China (2008) and Sanya, China (2009).

Welcome to 2009 International Conference on Education Technology and Training. Welcome to Sanya, China, December. The 2009 International Conference on Education Technology and Training is co-sponsored by Intelligent Information Technology Application Research Association, Hong Kong, IEEE SMC TC on Education and Training, USA, IEEE Technical Committee on Learning Technology, USA and Wuhan Institute of Technology, China.

The 2009 International Conference on Education Technology and Training is also technically co-sponsored by the Institute of Electrical and Electronics Engineers, USA and IEEE Computer Society. Much work went into preparing a program of high quality.

The purpose of ETT 2009 is to bring together researchers and practitioners from academia, industry, and government to exchange their research ideas and results and to discuss the state of the art in the areas of the conference. In addition, the participants of the conference will have a chance to hear from renowned keynote speakers IEEE and IET Fellow Prof. Chin-Chen Chang, from Department of Information Engineering and Computer Science, Feng Chia University.

We would like to thank the program chairs, organization staff, and the members of the program committees for their hard work. Special thanks go to IEEE Computer Society.

We hope that ETT 2009 will be successful and enjoyable to all participants. We look forward to seeing all of you next year at the ETT 2010.
