Conference Committee

General Chair
Charles Weems
University of Massachusetts

Program Chair
Ian Foster
Argonne National Laboratory

General Co-Chair
William Carlson
Center for Computing Sciences

Program Vice Chairs

“The Petaflops Frontier”
Peter Kogge, University of Notre Dame

“Today’s Teraflop Systems”
Dave Nowak, Lawrence Livermore National Laboratory

“Massive Parallelism for the Masses”
Mike Smith, Harvard University

Steering Committee

James Fischer, Chair, NASA Goddard Space Flight Center
Larry Davis, University of Maryland
Judy Devaney, National Institute of Standards and Technology
Jack Dongarra, Oak Ridge National Laboratory
John Dorband, NASA Goddard Space Flight Center
Milt Halem, NASA Goddard Space Flight Center
Paul Messina, CalTech
Merrill Patrick, National Science Foundation
David Schaefer, George Mason University
Paul Schneck, MITRE Corporation
H. J Siegel, Purdue University
Thomas Sterling, CalTech and JPL
Francis Sullivan, Center for Computing Sciences
Pearl Wang, George Mason University
Program Committee

David Bader, University of New Mexico
David Bailey, National Energy Research Scientific Computing Center
Kenneth Batcher, Kent State University
Fran Berman, University of California, San Diego
Jay Brockman, University of Notre Dame
Duncan Buell, Institute for Defense Analyses
Danny Chen, University of Notre Dame
Duncan Elliott, University of Alberta (Canada)
Geoffrey Fox, Syracuse University
Lori Frietag, Argonne National Laboratory
David Greenberg, Sandia National Laboratory
William Gropp, Argonne National Laboratory
Mike Heath, University of Illinois, Urbana-Champaign
Joseph JaJa’, University of Maryland, College Park
Charles Koelbel, Rice University
Beng Lim, IBM Yorktown
Robert Lucas, NERSC
Andrea Malagoli, University of Chicago
Robert Martino, National Institutes of Health
Kazuaki Murakami, Kyushu University
Matt O’Keefe, University of Minnesota
Sanjay Ranka, University of Florida
Daniel Reed, University of Illinois, Urbana-Champaign
John Reynders, Los Alamos National Laboratory
Joel Saltz, University of Maryland, College Park
Edwin Sha, University of Notre Dame
H.J. Siegel, Purdue University
Marc Snir, IBM TJ Watson Research Center
Thomas Sterling, CalTech/JPL
Josep Torrellas, University of Illinois, Urbana-Champaign
Alex Veidenbaum, University of Illinois at Chicago
Pearl Wang, George Mason University
