

Reviewers

Listed on these pages are the names of the reviewers for HICSS-41. The reviewers play an extremely important role in maintaining and improving the quality of the conference. In addition to the minitrack chairs and track chairs, three to five reviewers who are active professionals in the subject matter of the paper have examined the papers published in the conference. These reviewers provide opinions, recommendations, and suggestions for improvement to the authors. The Conference Chair, Track Chairs, and Minitrack Chairs express their appreciation and thanks for the valuable service provided by the reviewers.
