Conference Administration

Chairman
Ralph H. Sprague Jr.
University of Hawai‘i at Mānoa

Conference Administrator
Sandra Laney
University of Hawai‘i at Mānoa

Track Chairs

Collaboration Systems and Technologies
Jay F. Nunamaker Jr., University of Arizona
Robert O. Briggs, University of Nebraska at Omaha

Decision Technologies and Service Sciences
Daniel R. Dolk, Naval Postgraduate School

Digital Media: Content and Communication
Michael Shepherd, Dalhousie University, Canada

Electric Power Systems Restructuring: Engineering, Economics and Policy
Robert J. Thomas, Cornell University

Electronic Government
Hans Jochen Scholl, University of Washington

Information Technology in Health Care
William G. Chismar, University of Hawai‘i at Mānoa

Internet and the Digital Economy
Dave King, JDA Software Group, Inc., Scottsdale, AZ
Alan Dennis, Indiana University

Knowledge Management Systems
Murray Jennex, San Diego State University
Dave Croasdale, University of Nevada, Reno

Organizational Systems and Technology
Hugh J. Watson, University of Georgia

Software Technology
Rick Kazman, University of Hawai‘i at Mānoa
Gul Agha, University of Illinois at Urbana-Champaign
# Tracks and Minitracks

## Collaboration Systems and Technologies Track

Jay F. Nunamaker Jr., University of Arizona  
Robert O. Briggs, University of Nebraska at Omaha and Delft University of Technology

**Advances in Teaching and Learning Technologies**  
David H. Spencer, New Jersey Institute of Technology  
Eric L. Santanen, Bucknell University

**Collaborative Modeling**  
Etiënne Rouwette, Radboud University Nijmegen  
Michiel Renger, Delft University of Technology  
Gwendolyn L. Kolfschoten, Delft University of Technology

**Concepts, Methods, and Tools for Collaborative IS Development**  
Armin Heinzl, University of Mannheim  
Tobias Hildenbrand, University of Mannheim  
Thomas Kude, University of Mannheim

**Creativity in Teams and Organizations**  
Triparna de Vreede, University of Nebraska at Omaha  
Roni Reiter-Palmon, University of Nebraska at Omaha  
Gerhard Schwabe, University of Zurich

**Cross-Organizational and Cross-Border IS/IT Collaboration**  
Nicholas C. Romano, Oklahoma State University  
James B. Pick, University of Redlands  
Narcyz Roztocki, State University of New York at New Paltz

**Designing Collaboration Processes and Systems**  
Gwendolyn L. Kolfschoten, Delft University of Technology, The Netherlands  
Robert O. Briggs, University of Nebraska at Omaha  
Gert-Jan deVreede, University of Nebraska at Omaha

**Emergency Response Systems**  
Tung X. Bui, University of Hawai‘i at Mānoa  
Murray Turoff, New Jersey Institute of Technology  
Bartel Van de Walle, Tilburg University

**Global Virtual Teams**  
Frederick Zarndt, Global Connexions  
Hong-Mei Chen, University of Hawai‘i at Manoa  
Kimberly Furumo, University of Hawaii at Hilo

**Human-Computer Interaction (HCI)**  
Joe Valacich, Washington State University  
John D. Wells, Washington State University  
Ryan Wright, Washington State University
Measuring Collaborative Technologies and Processes
John D. Murphy, University of Nebraska at Omaha
Alanah J. Davis, University of Nebraska at Omaha

Mobile Technologies and Collaboration
Joseph S. Valacich, Washington State University
Clayton A. Looney, University of Montana

Negotiation Support Systems
Tung X. Bui, University of Hawaiʻi at Mānoa
Melvin F. Shakun, New York University

Social Network
Donald F. Steiny, University of Oulu
Jeffrey Nickerson, Stevens Institute of Technology
Harri Oinas-Kukkonen, University of Oulu

Social Software
Peter de Vries, Delft University of Technology

Decision Technologies and Service Sciences Track
Daniel R. Dolk, Naval Postgraduate School

Cyber Security and Information Intelligence Research
Frederick T. Sheldon, Oak Ridge National Laboratory
Mark T. Elmore, Oak Ridge National Laboratory

Information Systems for Sustainable Development
Omar El-Gayar, Dakota State University
PingSun Leung, University of Hawaiʻi at Mānoa
Arno Scharl, MODUL University Vienna, Austria

Intelligent Decision Support for Logistics and Supply Chain Management
Stefan Voß, University of Hamburg
Andreas Fink, Helmut-Schmidt-University Hamburg
Hans-Jürgen Sebastian, RWTH Aachen University

Knowledge Discovery for Managerial Decision Support
Dursun Delen, Oklahoma State University
Haluk Demirkan, Arizona State University
David L. Olson, University of Nebraska

Mobile Business: Issues and Applications
Virpi Kristiina Tuunainen, Helsinki School of Economics
Matti Rossi, Helsinki School of Economics
Mobile Value Services: Mobile Technology Applications and Value-Adding Products and Services
Pirkko Walden, Åbo Akademi University
Christer Carlsson, Åbo Akademi University

Multi-agent, Intelligent Systems and Soft Computing
Christer Carlsson, Åbo Akademi University
Huaqing Wang, City University of Hong Kong
Luis Magdalena, European Center for Soft Computing

Network Centric Decision Support Environments
Alex Bordetsky, Naval Postgraduate School
Henrik Friman, Swedish National Defence College

Operations Research Approaches to Service Sciences, Management and Engineering
Jens Wollenweber, RWTH Aachen University
Dan Dolk, Naval Postgraduate School
Hans-Jürgen Sebastian, RWTH Aachen University

Quantitative/Computational Social Science and Modeling
Stephen Kaisler, Logos Technologies, Inc.
Gregory Madey, University of Notre Dame

Service Oriented Enterprise
Haluk Demirkan, Arizona State University
Michael Goul, Arizona State University
Margaret Mitchell, American Express

Service Sciences, Management and Engineering (SSME)
Fu-REN Lin, National Tsing Hua University
Paul P. Maglio, IBM Almaden Research Center
Michael J. Shaw, University of Illinois at Urbana-Champaign

Digital Media: Content and Communication Track
Michael Shepherd, Dalhousie University

Classification of Digital Documents
Barbara Kwasnik, Syracuse University
Kevin Crowston, Syracuse University

Digital Divide/s and Inclusion/s
Karine Barzilai-Nahon, University of Washington
NarcyZ Roztocki, University of New York at New Paltz

Information Access and Retrieval: The Web, Users, and HCI
Ray Larson, University of California, Berkeley
Carolyn Watters, Dalhousie University
Amanda Spink, Queensland University of Technology
Knowledge Discovery for Rapid Response (KD4RR)
Mark T. Elmore, Oak Ridge National Laboratory
Paul Kantor, Rutgers University

Persistent Conversation 10: Analysis and Design of CMC Systems
Thomas Erickson, IBM T. J. Watson Research Center
Susan C. Herring, Indiana University

Social Spaces
Karrie Karahalios, University of Illinois
Fernanda B. Viégas, IBM Research

Urban Computing—The City as a Living Lab
Carina Ihlstrom Eriksson, Halmstad University
Carolyn Watters, Dalhousie University

<tbody>
<tr>
<td>Peter W. Sauer, University of Illinois</td>
</tr>
</tbody>
</table>

Engineering and Economic Interactions: Alternatives to Conventional Fossil Generation
Timothy Mount, Cornell University

Reliability and Cyber Security
Jeffrey E. Dagle, Pacific Northwest National Laboratory

Sustainable Electric Energy Systems
Robert J. Thomas, Cornell University

<table>

Development Methods for Electronic Government
Tomasz Janowski, United Nations University IIST
Ralf Klischewski, German University in Cairo

E-Government Information Security
Wm. Arthur Conklin, University of Houston
Gregory B. White, University of Texas at San Antonio

E-Government Infrastructure and Interoperability
Marijn Janssen, Delft University of Technology
Soon Ae Chun, City University of New York
George Kuk, Nottingham University
E-Government Organization and Management
Helmut Krcmar, Technische Universität München
J. Ramon Gil-Garcia, Centro de Investigacion y Docencia Economicas (CIDE)
Maddalena Sorrentino, State University of Milan

E-Government Service and Information
Jing Zhang, Clark University
Petra Wolf, Technische Universität München
Zhang Pengzhu, Shanghai Jiao Tong University

Emerging Topics and Foundations and Methods
Theresa A. Pardo, University at Albany SUNY
Karine Barzilai-Nahon, University of Washington
Lawrence E. Brandt, National Science Foundation
Bjorn Niehaves, European Research Center for Information Systems

E-Participation and E-Citizenship
Scott Robertson, University of Hawaii at Mānoa
Sara Eriksén, Blekinge Institute of Technology
Thomas A. Horan, Claremont Graduate University

E-Policy, E Governance, and Trustworthy E-Government Systems
Lemuria Carter, Mississippi State University
Rowena Cullen, Victoria University of Wellington
Jay Kesan, University of Illinois at Urbana Champaign

Information Technology in Health Care Track
William G. Chismar, University of Hawai‘i at Mānoa

Consumer Health Informatics
Thomas A. Horan, Claremont Graduate University
Cynthia LeRouge, St. Louis University
Richard Burkhard, San Jose State University

HCI Issues in Healthcare IT
Ann Fruhling, University of Nebraska at Omaha
E. Vance Wilson, University of Wisconsin-Milwaukee

Innovative Tools for Bioinformatics and Translational Research
Hesham H. Ali, University of Nebraska at Omaha
Simon Sherman, University of Nebraska Medical Center

IT Adoption and Evaluation in Healthcare
Ton Spill, University of Twente
Ken Trimmer, Idaho State University
Cynthia LeRouge, Saint Louis University
Carla Wiggins, Idaho State University
IT Applications and Architectures in Healthcare Environment
Radmilla Juric, University of Westminster
Jasna Kuljis, Brunel University
Patricia Oberndorf, Carnegie Melon University

Strategies and Technologies to Exchange Medical Information
Mark Gaynor, Boston University
Steve Moulton, University of Colorado
James Rawn, Brigham and Women's Hospital

Internet and the Digital Economy Track
Dave King, JDA Software Group, Inc.
Alan Dennis, Indiana University

Community Wireless Networks: Technical, Economic, and Social Issues
Hesham H. Ali, University of Nebraska at Omaha
Abdelnasser Abdelaal, University of Nebraska at Omaha

Cyber Threats, Emerging Risks, and Systemic Concerns
Guido Schryen, RWTH Aachen University
Jose J. Gonzales, University of Agder
Eliot Rich, University at Albany

Delivering Online Service: The Role of ICT
Mary Tate, Victoria University of Wellington
Beverly Hope, UAE University

Electronic Marketing
Bruce Weinberg, Bentley College
Ajit Kambil, Deloitte Research
Arnold Kamis, Suffolk University
Marios Koufaris, City University of New York

Internet Security: Intrusion Detection and Prevention in Mobile Systems
Joe Tront, Virginia Tech
Randy Marchany, Virginia Tech
Timothy E. Lindquist, Arizona State University

Market Structures and Business Models for Web-Based Information Goods
Axel Hochstein, University of St. Gallen
Alexander Schwinn, eBay International
Thorsten Hau, University of St. Gallen

Open Movements: FLOSS, Open Contents and Open Communities
Felipe Ortega, Universidad Rey Juan Carlos
Kevin Crowston, Syracuse University
Social Networks and Virtual Worlds for Work, Learning and Play
Caroline Haythornthwaite, University of Illinois at Urbana-Champaign
Karine Barzilai-Nahon, University of Washington
Paul Benjamin Lowry, Brigham Young University
Ian MacInnes, Syracuse University

Technology and Strategies for Service-Oriented Architectures
William D. Haseman, University of Wisconsin-Milwaukee
Marc N. Haines, University of Wisconsin-Milwaukee
Frank Armour, George Mason University

The Diffusion, Impacts, Adoption and Usage of ICTs upon Society
Jyoti Choudrie, University of Hertfordshire
Bendik Bygstad, Norwegian School of IT
Phillip Olla, Madonna University

Knowledge Management Systems Track
Murray Jennex, San Diego State University
Dave Croasdell, University of Nevada, Reno

Knowledge Flows, Knowledge Transfer, Sharing and Exchange in Organizations
K.D. Joshi, Washington State University
Mark E. Nissen, Naval Postgraduate School
Saonee Sarker, Washington State University

Knowledge Management for Creativity and Innovation
Lynne P. Cooper, Jet Propulsion Laboratory
Hind Benbya, GSCM Montpellier Business School
R. Keith Sawyer, Washington University in St. Louis

Knowledge Management Implementations and Other Issues
Dave T. Croasdell, University of Nevada, Reno
Peter Baloh, University of Ljubljana
Ronald D. Freeze, Emporia State University

Knowledge Management/Organizational Memory Success and Performance Measurements
Murray E. Jennex, San Diego State University
Stefan Smolnik, European Business School

Knowledge Management Tools, Technologies, Mashups, and Design Approaches
Stefan Smolnik, European Business School
Nassim Belbaly, GSCM Montpellier Business School
Richard Orwig, Susquehanna University
Organizational Systems and Technology Track

Hugh J. Watson, University of Georgia

**Business Processes Management (BPM)**
Olivera Marjanovic, University of Sydney
Ravi Seethamraju, University of Sydney

**Competitive Strategy, Economics and IS**
Thomas A. Weber, Stanford University
Eric K. Clemons, University of Pennsylvania
Robert J. Kauffman, Arizona State University

**Data Warehousing, Business Intelligence and Information Logistics**
Robert Winter, University of St. Gallen
Barbara H. Wixom, University of Virginia
Hugh J. Watson, University of Georgia

**Enterprise Architecture: Challenges and Implementations**
Frank Armour, George Mason University
Stephen Kaisler, Logos Technologies
Edwin Huizinga, US Architect of the Capitol

**Enterprise System Integration: Issues and Answers**
Gail Corbitt, California State University Chico
Marino Themistocleous, Brunel University
Zahir Irani, Brunel University

**Implementation and Usage of Radio Frequency Identification (RFID)**
Frederick J. Riggins, University of Minnesota
Bill C. Hardgrave, University of Arkansas

**Information Technology for Development**
Sajda Qureshi, University of Nebraska at Omaha
Robert J. Kauffman, Arizona State University
Peter Wolcott, University of Nebraska at Omaha

**Innovation and Innovation Management**
Marko Torkkeli, Lappeenranta University of Technology
Iain Bitran, The International Society for Professional Innovation Management
Desai Narasimhalu, Singapore Management University

**IT and Project Management**
Sue Newell, Bentley College
Jacky Swan, Warwick University
Joseph Weiss, Bentley College

**IT Governance and Its Mechanisms**
Wim Van Grembergen, University of Antwerp
Personal and Organizational Relationships in a Global Networked World: Emergent Ethical Challenges
Robert M. Mason, University of Washington
Richard O. Mason, Southern Methodist University
Antonio Vaccaro, Carnegie Mellon University

Social Issues in Organizations
Donald L. Amoroso, Kennesaw State University
Michael Knight, Appalachian State University

Theoretical Approaches to IS Research
Michael R. Wade, York University
Scott L. Schneberger, Appalachian State University

Topics in Organizational Systems and Technology
R. Kelly Rainer, Auburn University
Mark Frolick, Xavier University

Software Technology Track
Gul Agha, University of Illinois Urbana-Champaign
Rick Kazman, University of Hawai‘i at Mānoa

Agile Software Development
Jeff Sutherland, PatientKeeper Inc.
Gabrielle Benefield, Yahoo! Inc.

Algorithmic Challenges in Emerging Applications of Computing
Linda Morales, University of Texas at Dallas
Wolfgang Bein, University of Nevada Las Vegas

Architectures for Distributed Systems
William J. Yeager, 4ZiGo, Incorporated
Ali Ghodsi, Swedish Institute of Computer Science
Sam Joseph, University of Hawai‘i at Mānoa

Digital Forensics—Pedagogy and Foundational Research Activity
Rayford Vaughn, Mississippi State University
David Dampier, Mississippi State University

Information Assurance Education and Research
Raymond R. Panko, University of Hawai‘i at Mānoa
Dan Port, University of Hawai‘i at Mānoa
Rayford Vaughn, Mississippi State University

Pervasive Computing Technology and Applications
Yu (Cathy) Jiao, Oak Ridge National Laboratory
Ali R. Hurson, Missouri University of Science and Technology
Thomas E. Potok, Oak Ridge National Laboratory
Socio-technical Design
Brian Whitworth, Massey University

Software Product Lines: Engineering, Service, and Management
Timo Käkölä, Claremont Graduate University

Spreadsheets: The Dark Matter of Corporate IT
Raymond R. Panko, University of Hawaii at Mānoa
Dan Port, University of Hawai‘i at Mānoa

Variability Management in Software-Intensive Systems
Wolfgang Schröder-Preikschat, Friedrich-Alexander-University of Erlangen-Nurember
Olaf Spinczyk, University of Dortmund

Wireless Ad Hoc and Sensor Networks
Edoardo Biagioni, University of Hawai‘i at Mānoa
