Message from the Conference Chairs

It is our immense pleasure to invite you all to the International Conference on Intelligent Computing Applications ICICA 2014 at Bharathiar University, on 6-7 March 2014. ICICA 2014 provides a platform for those who wish to express their latest research results, innovative ideas, and experiences in the fields of Computer Applications especially. ICICA also provides an excellent opportunity to meet experts, exchange information, and strengthen the collaboration among researchers, engineers, and scholars from both academia and industry, while enjoying the cultural heritage and natural beauty of Bharathiar University, coupled with the friendliness of its people.

The International Conference on Intelligent Computing Applications - ICICA 2014 will provide various opportunities for researchers to present recent research results and describe emerging technologies, new research problems and issues. The conference endeavors to contribute to presenting novel research results in all aspects of intelligent Computing and Applications. We would like to express our gratitude to our Honourable Vice Chancellor Dr. G. James Pitchai for his enthusiastic leadership and immense support extended in organizing the conference successfully. We also convey our heartfelt thanks to our Registrar Dr.P.K.Manoharan for extending all possible support to make this conference a grand success and we also thank Dr.T.Devi Head i/c of Department of Computer Applications for her valuable ideas and guidance in making this conference a success.

We would like to thank all the reviewers, who did a superb job of reviewing and selecting high-quality papers, which will be presented at the conference. After a peer review of 450 papers 100 papers were selected for IEEE Xplore. The two-day technical program includes key note lectures and various invited talks on Data Mining, Bioinformatics, Bio-Inspired Algorithms, Image processing, Networking and various other frontline areas.

We would also like to extend our special gratitude to University Grants Commission (UGC) and Department of Science and Technology (DST) for their financial support. We would strongly encourage participants to take advantage of the opportunity to expand their social networking and knowledge, as this will enhance communication and cooperation between researchers and scholars.

We wholeheartedly welcome all the participants of ICICA 2014.

V. Bhuvaneswari, Assistant Professor, Department of Computer Applications
T. Amudha, Assistant Professor, Department of Computer Applications
ICICA 2014 Conference Chairs
