Welcome to ICIS 2011. Welcome to Sanya, China.

The 10th International Conference on Computer and Information Science (ICIS 2011) is sponsored by the Institute of Electrical and Electronics Engineers (IEEE), the International Association for Computer and Information Science (ACIS), and co-sponsored by Hainan University, China. The conference is held at Horizon Resort & Spa, Sanya, China.

The purpose of ICIS is to bring together researchers and practitioners from academia, industry, and government to exchange their research ideas and results and to discuss the state of the art in the areas of the conference. Three workshops, the International Workshop on E-Tourism, the International Workshop on Service Science and Distributed Systems, and the International Workshop on Brain Stimulation, Neural Dynamics and Neural Interface are held with the ICIS 2011.

In addition, the participants of the conference will have a chance to hear from renowned invited speaker Professor Zhou Chaochen, the Institute of Software, Chinese Academy of Sciences (ISCAS), China who is also a member of the Third World Academy of Sciences. We will also hear from renowned invited Prof. Qing Sihan, Peking University, China.

We would like to thank the Program Chair Dr. Simon Xu, Algoma University, Canada, Dr. Meng-Xing Huang, the Local Arrangement Chair and the members of the Program Committee for their hard work. And most importantly, we would like to thank all the authors for sharing their ideas and experiences through their outstanding papers contributed to the conference. I hope that ICIS 2011 will be successful and enjoyable to all participants.
