Message from the ADPNA-2009 Chairs

Welcome to the Third International Workshop on Advanced Distributed and Parallel Network Applications (ADPNA-2009) which will be held in conjunction with the 37th International Conference on Parallel Processing (ICPP-2009), Vienna, Austria from September 22 to 25, 2009.

This goal of the workshop is to bring together the scientists and researchers from academia and industry to discuss and share ideas and research work in the emerging areas of distributed, parallel and network applications. For ADPNA-2009, we received 41 research papers from many countries. The submitted papers were carefully reviewed by at least two reviewers. Based on the review results, the Program Committee Members selected 17 papers to be presented during the workshop.

Many people have kindly helped us to prepare and organize the ADPNA-2009 workshop. First, we would like to thank all the authors for submitting their papers, Program Committee Members, and reviewers who carried out the most difficult work of carefully evaluating the submitted papers. We would like to thank the ICPP-2009 Organization Committee for their support, guidance, and help for making possible to organize the workshop. We would like to greatly thank Prof. Leonard Barolli, Fukuoka Institute of Technology, Japan and Prof. Wu-chun Feng, Virginia Tech, USA as ICPP-2009 Workshop Co-Chairs for their strong guidance and support. We would like to express our special thanks to Mr. Alisher Akber and other students of Takizawa Laboratory, Seikei University for their hard and timely work to maintain the web systems for distributing information and receiving the paper submissions. In addition, we would like to give our special thank to Local Organizers and the Vienna University of Technology, Austria. Finally, we would like to thank all the participants of the workshop and look forward to meet you again in the forthcoming editions of the workshop.

ADPNA2009 Workshop Co-chairs
Aleksy Markus, ABB AG, Germany
Makoto Takizawa, Seikei University, Japan

ADPNA-2009 Program Chair
Tomoya Enokido, Rissho University
