SRMPDS 2014 Workshop

Foreword
We would like to extend a warm welcome to everyone attending the 10th International Workshop on Scheduling and Resource Management for Parallel and Distributed Systems, which is being held in conjunction with the International Conference on Parallel Processing since 2008.

We are pleased to announce an excellent program that covers some of the latest and interesting research and development activities in scheduling and management of various HPC resources. This year’s program consists of 6 referred paper presentations.

I thank the ICPP workshop chairs and the ICPP organizing committee for providing the opportunity to organize the workshop. I wish to express a debt of gratitude to all the program committee members and the outside reviewers. Thanks also to all those who submitted papers to the workshop.

Warm Regards,
Rajkumar Kettimuthu, Program Chair, SRMPDS 2014
