Digest Reports of the Investigation Committee

DR-1 Digest Report of Investigation Committee on Charge Behavior Associated with Interfaces under High Electric Field
Masayuki Nagao, Naohiro Hozumi (Toyohashi University of Technology), Yoshinao Murata (J-power Systems Corp.), and Yoshinobu Mizutani (Central Research Institute of Electric Power Industry)

DR-2 Digest Report of Investigation Committee on On-Line Diagnosis for Electrical Equipments
Katsumi Uchida (Chubu Electric Power Co., Inc.), Yoshiyasu Ehara (Musashi Institute of Technology), Tetsuji Sorita (Mitsubishi Electric Co.), and Yukihiro Yagi (The Furukawa Electric Co., Ltd.)

DR-3 Digest Report of Investigation Committee on Polymer Nanocomposites and their Applications as Dielectrics and Electrical Insulation
Toshikatsu Tanaka (Waseda University), Mikimasa Iwata (CRIEPI), and Masahiro Kozako (Waseda University)

DR-4 Digest Report of Investigation Committee on Development of Organic Electrical and Electronic Materials with Flexible Structure to Nanotechnology
Mitsumasa Iwamoto (Tokyo Institute of Technology) and Mitsuyoshi Onoda (University of Hyogo)

DR-5 Digest Report of Investigation Committee on Dielectric and Electrical Insulating Materials for Communications Technology
Kaori Fukunaga (National Institute of Information and Communications Technology) and Tsuguhiro Takahashi (Central Research Institute of Electric Power Industry)

DR-6 Digest Report of Investigation Committee for Economical Assessment of Diagnosis for Power Apparatus
Naohiro Hozumi (Toyohashi University of Technology), Masaaki Ikeda (Nippon Petrochemicals Co., Ltd.), Katsumi Uchida (Chubu Electric Power Co., Inc.), and Masaki Kanegami (Central Research Institute of Electric Power Industry)

DR-7 Digest Report on Investigation Committee on Properties and Novel Functions of Nano-structured Organic and Composite Thin Films and Device Applications
Futao Kaneko (Niigata University), Tetsushi Okamoto (Toshiba Corporation), Keizo Kato (Niigata University), and Kazunari Shinbo (Niigata University)

DR-8 Digest Report of Investigation Committee on Applications of Environmentally Friendly Materials to Electrical Apparatuses
Yasuo Suzuoki (Nagoya University), Ryozo Takeuchi (Hitachi, Ltd.), Masayoshi Ishida (University of Tsukuba), and Takeyoshi Kato (Nagoya University)
