UPWAKE: Art Performance fusing Dreams and Technology

Natasha Tsakos

Bio

Playwright, conceptual director and performer Natasha Tsakos works in brave new form of theatre, where sound, computer generated images and the performer move meticulously in sync to create a dreamlike yet sharply real stage environment. Within this realm of total possibility, Tsakos muses on the deepest questions of the human soul.

A Swiss born living in Miami, Tsakos has been a performer with Circ X, Camposition, Big Apple Circus and Cirque du Soleil. She writes, teaches and performs her own work in Miami and worldwide.

Among her recent work is the performance piece UP WAKE, in which she plays ZERO, a worker everyman stuck between Dream and Reality.
