ISVD 2007 Venue
The University of Glamorgan is situated in the Welsh Valleys, the historic centre of much of the Industrial Revolution - the first commercial steam train started just a few miles away. It is well known for its rugby players and Welsh male-voice choirs. A variety of mediaeval castles, built by the English to suppress the Welsh in the 12th century, are within a short distance of the Conference Centre. Walking, or even hawking, is available in the Brecon Beacons just to the north. The Conference Banquet is in Caerphilly Castle, the second largest castle in the UK.

ISVD 2007 Sponsors and Supporters
ISVD 2007 would not have been possible without funding and support from the following organizations and institutions, for which all organizers and participants of ISVD 2007 express their sincere gratitude:

University of Glamorgan, UK
International Society for Photogrammetry and Remote Sensing (ISPRS)
EU Marie-Curie Chair in GIS, University of Glamorgan
