Acknowledgements

I am deeply indebted to all contributors to this conference and all the referees for their infinite patience and cogent reviews of papers, who helped us with their expertise and thoughtful advice and consequently made this event a truly joint project. I would like to extend my sincere thanks to our keynote speakers: Dr George Robertson, Dr Andrey Iones, Professor Mikael Jern, and Professor Brian A. Barsky. My special thanks to all the Programme, Organising, and Liaison committees:

The conference event and the proceedings are the work of many members of the Program Committee, the Organising Committee, all the reviewers, technical members, administrative team, and, most importantly, the contributors to whom we remain beholden in every sense of the word.

Finally, I would offer my sincere thanks to Anita D’Pour of GraphicsLink for her continuous effort in preparing, organising, and handling of the conference’s administration. My appreciation to Loretta Palagi, Randall S. Bilof, Bob Werner, and the rest of the IEEE Computer Society Publication team for their high standard of editorial production of the proceedings.
