Sponsors

The MDM2010 gratefully acknowledge the support of the following institutions.

**University of Missouri-Kansas City**
**School of Computing and Engineering, UMKC**

The School of Computing and Engineering (SCE) offers ABET accredited undergraduate degree programs in computer science, information technology and civil, electrical computer and mechanical engineering. SCE is proud to be Kansas City’s only university with ABET accredited engineering, computer science and information technology degree programs. SCE offers master’s degree programs in computer science and civil, computer electrical and mechanical engineering and participates in UMKC’s interdisciplinary PhD program.

**Commerce Bank**

Commerce Bank, N.A. is a subsidiary of Commerce Bancshares, Inc., a $17.5 billion regional bank holding company. For more than 140 years, Commerce Bank has been meeting the financial services needs of individuals and businesses. Commerce Bank provides a diversified line of financial services, including business and personal banking, wealth management and estate planning and investments through its subsidiary and affiliated companies. Commerce Bank currently operates in approximately 350 locations in Missouri, Kansas, Illinois, Oklahoma and Colorado.

**Burns & McDonnell**

Founded in 1898, Burns & McDonnell is a 100% employee-owned firm composed of more than 3,000 engineers, architects, construction experts, planners, estimators, economists, technicians and scientists representing virtually all design disciplines. Our experts work in offices nationwide and around the globe.

**Garmin**

What began as a brainstorming session of a handful of engineers around a card table in 1989 has evolved into a worldwide collaborative effort of thousands of colleagues. Garmin’s goal, as it was then, remains simple: To create navigation and communication devices that can enrich our customers’ lives.

**IBM**

IBM's character has been formed over nearly 100 years of doing business in the field of information-handling. IBM helped pioneer information technology over the years, and it stands today at the forefront of a worldwide industry that is revolutionizing the way in which enterprises, organizations and people operate and thrive.

**Dr. Virender Singhal**

MBA, MD, Children's Mercy Hospital, Kansas City, Missouri, USA

A world-renowned plastic surgeon who has given smiling faces to thousands of handicapped children of the world.
