Frontmatter
Foreword ................................................................. iii

Model Synchronization and Ontologies
Towards an Incremental Bidirectional Partial Model Synchronization between Organizational and Functional Requirements Models
Marat Abilov, Tariq Mahmoud, Jorge Marx Gómez, and Manuel Mora — University of Oldenburg, Germany; Autonomous University of Aguascalientes, Mexico ...................................................... 1
Using i* Model towards Ontology Integration and Completeness Checking in Enterprise Systems Requirement Hierarchy
Novarun Deb, Nabendu Chaki, and Aditya Ghose — University of Calcutta, India; University of Wollongong, Australia 11
An Ontology-Based Requirement Modeling for Interactive Software Customization
Xiaobu Yuan and Xieshen Zhang — University of Windsor, Canada .................................................. 21
Combining Ontologies for Requirements Elicitation
Shubhrendu Tripathi and Xiaobu Yuan — University of Windsor, Canada ................................................ 31

Variability and Goal Modeling
Model-Based Systems Engineering with Requirements Variability for Embedded Real-Time Systems
Mole Li and Peter Bull — Loughborough University, UK; Birmingham City University, UK ................... 36
The Synergies between Goal Sketching and Enterprise Architecture
Kenneth Boness and Rachel Harrison — University of Reading, UK; Oxford Brookes University, UK .......... 46
Evaluation of Reusable Concern-Oriented Goal Models
Mustafa Berk Duran, Aldo Navea Pina, and Gunter Mussbacher — McGill University, Canada ................ 53
Goal Model Driven Alternative Selection: A Quantitative Approach
Tianqi Zhao, Haiyan Zhao, Wei Zhang, and Zhi Jin — Peking University, China ................................. 63
