Session 12B—Maintainability, Maintenance and Planning—Approaches to Real World Availability Improvement
   Moderator: Edward J. Zampino, NASA Glenn

Session 12D—Risk Assessment: Applications
   Moderator: Dr. Thomas F. Hassett, Consultant

Session 12E—Innovations in Failure and Fault Analysis
   Moderator: Louis J. Gullo, Raytheon Company

Session 13A—Designing Safety and Reliability into Space Systems
   Moderator: Anthony J. DiVenti, NASA Goddard

Session 13B—Process Improvements and New Techniques in Systems Safety
   Moderator: Patrick M. Dallosta, NTVI Federal, Inc.

Session 13D—Component Reliability Enhancement Techniques
   Moderator: Dr. Vasiliy V. Krivtsov, Ford Motor Company

Session 14A—Managing Risk in Aerospace Business Practices
   Moderator: Dr. Robert J. Loomis Jr., NASA

Session 14B—Designing Reliability into Large Scale Petrochemical Systems
   Moderator: Aron Brall, SRS Technologies

Session 14D—Reliability-Driven Product Design
   Moderator: Kellie Schneider, University of Arkansas
