A Message from the Conference Chairs

SNPD 2010

It is our great pleasure to extend a welcome to all of you who are participating in SNPN2010, the 11th International Conference on Software Engineering, Artificial Intelligence, Networking, and Parallel/Distributed Computing (SNPD 2010), which is being held in London, United Kingdom. The conference is sponsored by the International Association for Computer and Information Science (ACIS).

This conference brings together researchers and practitioners from academia, industry, and government to exchange their research ideas and results and to discuss the state of the art in the areas of the conference. In this conference, we have keynote addresses by Professor Huaikou Miao and Professor Lynn Andrea Stein, which we are sure will be of interest to all of you who are participating in SNPD2010.

We would like to thank the program chairs, organization staff, and the members of the program committees for their hard work. We hope that SNPD 2010 will be successful and enjoyable to all participants.

Liz Bacon, George (Wencai) Du
