Message from the Conference Co-chairs

It is our great pleasure to extend a welcome to all of you who are participating in SNPD 2011, the 12th International Conference on Software Engineering, Artificial Intelligence, Networking, and Parallel/Distributed Computing (SNPD 2011), which is being held in Sydney, Australia. The conference is sponsored by the International Association for Computer and Information Science (ACIS).

This conference brings together researchers and practitioners from academia, industry, and government to exchange their research ideas and results and to discuss the state of the art in the areas of the conference. In this conference, we have keynote addresses by Professor Mahbub Hassan, which we are sure will be of interest to all of you who are participating in SNPD 2011.

We would like to thank the program chairs, organization staff, and the members of the program committees for their hard work. We hope that SNPD 2011 will be successful and enjoyable to all participants.

Morshed U. Chowdhury, Deakin University, Australia
Roger Lee, Central Michigan University, USA
