Program Committee
S&P 2012

Guiseppe Ateniese, Johns Hopkins
Michael Backes, Max Planck Institute
Michael Bailey, University of Michigan
Kevin Borders, NSA
Hebert Bos, Vrije Universiteit Amsterdam
David Brumley, Carnegie Mellon University
Kevin Butler, University of Oregon
Juan Caballero, IMDEA Software Institute, Spain
Cristian Cadar, Imperial College
Shuo Chen, Microsoft Research
Weidong Cui, Microsoft Research
Robert Cunningham, MIT Lincoln Laboratory
Anupam Datta, Carnegie Mellon University
William Enck, North Carolina State
David Evans, University of Virginia
Nick Feamster, Georgia Tech
Debin Gao, Singapore Management Univ.
Jon Giffin, Georgia Tech
Virgil Gligor, Carnegie Mellon University
Steve Gribble, University of Washington
Guofei Gu, Texas A&M
Engin Kirda, Northeastern
Tadayoshi Kohno, University of Washington
Shriram Krishnamurthi, Brown University
Christopher Kruegel, UCSB
David Molnar, Microsoft Research
Cristina Nita-Rotaru, Purdue
Brian Payne, Sandia National Labs
Adrian Perrig, Carnegie Mellon University
J. Alex Halderman, University of Michigan
Thorsten Holz, ISEC Lab
Ninghui Li, Purdue
Ben Livshits, Microsoft Research
Z. Morley Mao, University of Michigan
Jonathan McCune, Carnegie Mellon University
Patrick McDaniel, Penn State
Andrew Myers, Cornell
Arvind Narayanan, Stanford
Roberto Perdisci, University of Georgia
Zachary N. J. Peterson, Naval Postgrad. School
Thomas Ristenpart, University of Wisconsin
William Robertson, Berkeley
R. Sekar, Stony Brook
Simha Sethumadhavan, Columbia
Greg Shannon, Carnegie Mellon Univ./CERT
Kapil Singh, IBM Research
Radu Sion, Stony Brook
Angelos Stavrou, George Mason University
Patrick Traynor, Georgia Tech
Dan Wallach, Rice University
Xiaofeng Wang, Indiana University
Venkat Venkatakrishnan, University of Illinois, Chicago
