2018 IEEE Ninth International Conference on Technology for Education (T4E)

T4E 2018

Table of Contents

Message from the General Chairs .......................................................................................................................... xi
Message from the Program Committee Chairs ........................................................................................................ xii
Conference Chairs .................................................................................................................................................. xiii
Program Committee Members ............................................................................................................................. xiv

Session 1A

Kannada Kali: A Smartphone Application for Evaluating Spoken Kannada Words and Detecting Mispronunciations Using Self Organizing Maps ................................................................. 1
   Savitha Murthy (PES University, Bangalore), Ankit Anand (PES University, Bangalore),
   Avinash Kumar (PES University, Bangalore),
   Ajay Cholin (PES University, Bangalore), Ankita Shetty (PES University, Bangalore),
   Aditya Bhat (PES University, Bangalore),
   Akshay Venkatesh (PES University, Bangalore), Lingaraj Kothiwale (PES University, Bangalore),
   Viraj Kumar (Indian Institute of Science, Bangalore), and DinkarSitaram (PES University, Bangalore)

ScholAR: A Collaborative Learning Experience for Rural Schools Using Augmented Reality Application .......... 8
   Pratiti Sarkar (Indian Institute of Technology Bombay), Jayesh S. Pillai (Indian Institute of Technology Bombay), and Ankita Gupta (Jaypee Institute of Information Technology, Noida, India)

Scratching Out Problems: Exploring the Use of Computational Thinking for Social Work in Rural India .......... 16
   Parameswari Anitha (Amritha Vishwa Vidyapeetham), Sooraj K Babu (Amritha Vishwa Vidyapeetham), Unnikrishnan R (Amritha Vishwa Vidyapeetham), and Rao R. Bhavani (Amritha Vishwa Vidyapeetham)

Session 1B

ABC: Application Based Collaborative Approach to Improve Student Engagement for a Programming Course... 20
   Sneha Deshmukh (MPSTME) and Vijay Raisinghani (MPSTME)

Collaborative Learning in Engineering Physics Tutorials ....................................................................................... 24
   Sai Preeti Gouripeddi (GITAM School of Technology, India) and Vijayananthini Kannan (GITAM School of Technology, India)

CyCLE : Effects of Combining Components of Cooperative Learning with the Positive Aspects of Motivational Competition In Computer Graphics Course ............................................................. 29
   Dipali Dilip Awasekar (Walchand Institute of Technology, India) and Manisha A. Nirgude (Walchand Institute of Technology, India)
Session 2A

All Aboard for the Joy of Making! Teaching User Centered Design and Tinkering to Middle School Children in India  ......................................................... 33
Vattigunta Susmitha (Amrita Vishwa Vidyapeetham), Nagarajan Akshay (Amrita Vishwa Vidyapeetham), Vilvanathan Vennila (Amrita Vishwa Vidyapeetham), Aniruddh Muraleedharan (Amrita Vishwa Vidyapeetham), Rahul Nair (Amrita Vishwa Vidyapeetham), Velayudhan Alekh (Amrita Vishwa Vidyapeetham), and Rao R. Bhavani (Amrita Vishwa Vidyapeetham)

Gamification of a Visual Question Answer System ................................................................. 41
Sourav Suresh (PES University, Bangalore), Varun Nagaraj Rao (PES University, Bangalore), and Gowri Srinivasa (PES Centre for Pattern Recognition, Bangalore)

GeoSolvAR: Augmented Reality Based Application for Mental Rotation .................................................. 45
Navneet Kaur (Indian Institute of Technology Bombay), Rumana Pathan (Indian Institute of Technology Bombay), Ulfia Khwaja (Indian Institute of Technology Bombay), Pratiti Sarkar (Indian Institute of Technology Bombay), Balraj Rathod (Indian Institute of Technology Bombay), and Sahana Murthy (Indian Institute of Technology Bombay)

Investigating the Nature of Students' Reasoning in Connecting Molecular Structures of Stereoisomers with their Physical Properties Using an AR App ................................................................. 53
Narasimha Swamy K L (Indian Institute of Technology Bombay) and Chandan Dasgupta (Indian Institute of Technology Bombay)

PoP: Panorama of the Past – A Visual Summary of High School History .................................................. 61
Shushmita M.S. (PESIT Bangalore South Campus) and Gowri Srinivasa (PES University, Bangalore)

Session 2B

iLTI-QAT: A Model to Orchestrate Interaction Sessions in Hybrid MOOCs .................................................. 65
David Nettikadan (Jyothi Engineering College, Thrissur, India), Lucian Vumilia Ngeze (IIT Bombay), Heramb Sukhathankar (IIT Bombay), and Jayakrishnan Madathil Warriem (NPTEL IIT Madras, Chennai, India)

Impact of Learner-Centric Discussion Forums on Learner Engagement in Skill Development MOOC .................................................. 69
Nitin Ayer (IIT Bombay), Heramb Sukhathankar (IIT Bombay), Urmila Deshmukh (IIT Bombay), and Sameer Sahasrabudhe (IIT Bombay)

LCM: A Model for Planning, Designing and Conducting Learner-Centric MOOCs .................................................. 73
Sahana Murthy (Indian Institute of Technology Bombay), Jayakrishnan Warriem (Indian Institute of Technology Madras), Sameer Sahasrabudhe (Indian Institute of Technology Bombay), and Sridhar Iyer (Indian Institute of Technology Bombay)

Learner-Centric MOOC for Teachers on Effective ICT Integration: Perceptions and Experiences .................................................. 77
Veenita Shah (IDP in Educational Technology), Gargi Banerjee (IDP in Educational Technology), Sahana Murthy (IDP in Educational Technology), and Sridhar Iyer (IDP in Educational Technology)
Learning and Reflection of Technology Based Collaborative MOOC Design and Its Evaluation, Validation and Results .......................................................... 85
Atul M Kulkarni (Dr. Babasaheb Ambedkar Technological University
Institute of Petrochemical Engineering Lonere, India), Gowrisankar P
(Hindustan College of Arts and Science Coimbatore, India), K. Madhavi
(VNR Vignana Jyothi Institute of Engineering and Technology
Hyderabad), and Johny P Joseph (Vimal Jyothi. Engineering College,
India)

NPTEL Local Chapters: Facilitating Mainstreaming of MOOCs in Higher Education ................................................. 89
Jayakrishnan Madathil Warriem (NPTEL, IIT Madras, Chennai, India)

Session 3A

Learning While Competing - 3D Modeling & Design .......................................................... 93
Kalind Karia (Indian Institute of Technology Bombay, Powai), Rucmenya
Bessariya (Indian Institute of Technology Bombay, Powai), Krishna Lala
(Indian Institute of Technology Bombay, Powai), and Kavi Arya (Indian
Institute of Technology Bombay, Powai)

Significance of Haptic Feedback in Learning Lathe Operating Skills ................................................. 97
Aswathi Chandran (Amrita Vishwa Vidyapeetham), Rahul E.S (Amrita
Vishwa Vidyapeetham), and Bhavani R. Rao (Amrita Vishwa Vidyapeetham)

Spoken Tutorials in Health Sector .......................................................... 102
Sohinee Ganguly (Indian Institute of Technology Bombay), Bella Tony
(Indian Institute of Technology Bombay), Anurag Kumar (Indian
Institute of Technology Bombay), Rupal Dalal (Shrimati Malati
Dahanukar Trust, Mumbai), N.G. Shah (Indian Institute of Technology
Bombay), and Kannan Moudgalya (Indian Institute of Technology Bombay)

Student Behaviour in Technology Integrated Classrooms ....................................................... 106
Vindhya Velagapudi (Next Education India Private Limited) and Soorya
Menon (Next Education India Private Limited)

Session 3B

Analyzing Relation Between Response Time, Engagement and Performance ....................................................... 110
Vandana Naik (Goa University) and Venkatesh Kamat (Goa University)

Effective Learning through Peer Assessment Using Peergrade Tool ....................................................... 114
Deepak Sharma (K J Somaiya College of Engineering, Mumbai, India) and
Manish Potey (K J Somaiya College of Engineering, Mumbai, India)

Enriching Curriculum Through Laboratory Courses for Technology-Enhanced Learning ....................................................... 118
Arati Phadke (K J Somaiya College of Engineering, Mumbai, India) and
Sangeeta Kulkarni (K J Somaiya College of Engineering, Mumbai, India)

Understanding Systems Thinking from the Perspectives of Experience and Diversity ....................................................... 122
Deepak Ranjan Padhi (Indian Institute of Technology Bombay), Pankaj
Chavan (Indian Institute of Technology Bombay), and Ritayan Mitra
(Indian Institute of Technology Bombay)
Session 4A

Automated Summarization of Lecture Videos ................................................................. 126
   Anusha Vimalaksha (PES University, Bangalore), Siddarth Vinay (PES University, Bangalore), Abhijit Prekash (PES University, Bangalore), and N. S. Kumar (PES University, Bangalore)

E-Moderation of Answer-Scripts Evaluation for Controlling Intra/Inter Examiner Heterogeneity ................. 130
   Venkatesh V. Kamat (Goa University) and Kissan Gauns Dessai (Govt. College of Arts, Science & Commerce Quepem-Goa)

Plagiarism in Low-Stakes Unproctored Internet Testing for Programming Aptitude ......................................... 134
   Viraj Kumar (Indian Institute of Science, Bangalore), Priya Nayak (PES University, Bangalore), and Rhythm Girdhar (PES University, Bangalore)

Session 4B

Gamification: An Instructional Strategy to Engage Learner ......................................................... 138
   Rashmi Dixit (Walchand Institute of Technology, Solapur), Manisha Nirgude (Walchand Institute of Technology, Solapur), and Pratibha Yalagi (Walchand Institute of Technology, Solapur)

Novel Teaching Strategies for Lab-Centric Courses: Case Study of Programming Course ......................... 142
   Avani Sakhapara (K J Somaiya College of Engineering, Mumbai, India) and Dipiti Pawade (K J Somaiya College of Engineering, Mumbai, India)

Usability and Usefulness of ADVICe Tool Experiment Design Guidelines for Virtual Laboratories ............. 146
   Anita S. Diwakar (Indian Institute of Technology Bombay) and Santosh Noronha (Indian Institute of Technology Bombay)

Use of ‘Basic SQL-The Online Beginner’s Guide’ Site to Give Hands on Experience of SQL to Students ........ 150
   Sunita Dol (Walchand Institute of Technology, Solapur) and Dattatry Gandhmal (Walchand Institute of Technology, Solapur)

Session 5A

Comparing Experts’ Systems Thinking Skill Across Contexts ...................................................... 154
   Anurag Deep (Indian Institute of Technology Bombay, India), Rumana Pathan (Indian Institute of Technology Bombay, India), and Ritayan Mitra (Indian Institute of Technology Bombay, India)

Effectiveness of Epistemic Games as a Medium to Incorporate Situational Judgement Tests .................... 158
   Sandeep Rambhatla (Amrita School of Business) and Deepak Gupta (Amrita School of Business)

Teachers’ Practices in Technology Integrated Classrooms in the Indian Context ..................................... 162
   Haseeb Pazhaya Pattillath (Next Education India Private Limited), Vineetha Velagapudi (Next Education India Private Limited), and Soorya Menon (Next Education India Private Limited)

Technology Enhanced Learning (TEL) Environment to Develop Expansionist-Reductionist (ER) Thinking Skills through Software Design Problem Solving ......................................................... 166
   Deepti Reddy (Indian Institute of Technology Bombay (IITB)), Sridhar Iyer (Indian Institute of Technology Bombay (IITB)), and Sasikumar M (CDAC)
Social-Network-Sites (SNS) & Its Impact on Students' Academic Learning ....................................................... 174
  Krishna Roy (Symbiosis International (Deemed University)), Shilpi Singh (Symbiosis International (Deemed University)), and Shraddha Ratna (Symbiosis International (Deemed University))

Session 5B

A Novel Approach for Evaluating Classroom Behavior Using STEPS ................................................................. 178
  R. Leena Sri (Thiagarajar College of Engineering)

A Study of Team Formation Strategies and Their Impact on Individual Student Learning Using Educational Data Mining (EDM) ........................................................................................................................................ 182
  Vijayalakshmi M (KLE Technological University), Suman Salimath (KLE Technological University), Ashok S. Shettar (KLE Technological University), and Gururaj Bhadri (KLE Technological University)

Animated Flowchart with Example Followed by Think-Pair-Share Activity for Teaching Algorithms of Engineering Courses ..................................................................................................................... 186
  Sunita Milind Dol (Walchand Institute of Technology, Solapur)

Designing FDP for "Active Learning-Think-Pair-Share and Peer Instructions" Using Online Learning Management System MOODLE ................................................................................................................. 190
  Sunita Dol (Walchand Institute of Technology, Solapur), Vaibhav Singh (Feroze Gandhi Institute of Professional Studies, Raebareli, India), Neha Sahu (IPS Academy, Indore, India), and Mercy Shalinie (Thiagarajar College of Engineering, Madurai, India)

Peer Instruction - Implementation and Assessment of Learning .................................................................................... 194
  Vijayanandhini Kannan (GITAM School of Technology, Hyderabad) and G. Sai Preeti (GITAM School of Technology, Hyderabad)

Poster Papers

2C (Crossword, Concept Map): A Formative Assessment Approach to Engage Interdisciplinary Program Students in Wireless Communication Course ............................................................................................................. 201
  Kartik Patel (K.J. Somaiya College of Engineering)

ArchViz: Incorporating Project Based Learning in a MOOC Setting Through Learning eXtension Trajectories ......................................................................................................................................................... 203
  Sameer Sahasrabudhe (IIT Bombay), Romey Christo (Loyola-ICAM College of Engineering and Technology), and Jayakrishnan Madathil Warriem (NPTEL, IIT Madras, Chennai, India)

Case Study on Effective Use of Mind Map in Engineering Education ................................................................................ 205
  R. Tamil Selvi (PSG Institute of Technology and Applied Research) and G. Chandramohan (PSG Institute of Technology and Applied Research)

Demo Based Peer Teaching Among UG Students Through Innovative Assignments ...................................................... 208
  S. Julius Fusic (Thiagarajar College of Engineering, Madurai, India), N. Anandh (Manipal Institute of Technology), I. Leando (Thiagarajar College of Engineering, Madurai, India), and M. Manimegalan (Thiagarajar College of Engineering, Madurai, India)
Design Engineering: A Curriculum on Design Thinking ................................................................. 210
Ravi Rao (Vishwakarma Government Engineering College), Jeffy Koola
(Vishwakarma Government Engineering College), and Nirav Mehta
(Vishwakarma Government Engineering College)

Effective Online Assessment and Evaluation through Online Laboratory Work Submission for Technology Enhanced Learning ........................................................................................................ 212
Amrita Naiksatam (K.J. Soamiya College of Engineering, University of Mumbai), Khushi Khanchandani (K.J. Soamiya College of Engineering, University of Mumbai), and Shweta Chachra (K.J. Soamiya College of Engineering, University of Mumbai)

Flexible Automatic Evaluation of Dynamic and Static Properties of Code ........................................ 214
Nandagopal Netrakanti Vinayak (PES University, Bangalore), Shruthi Chandrashekar (PES University, Bangalore), Swathi Reddy (PES University, Bangalore), and N S Kumar (PES University, Bangalore)

Flexible Question Wise Evaluation of Digitized Answer Scripts ......................................................... 216
Priya Nayak (PES University, Bangalore), Thejaswini M R (PES University, Bangalore), and N. S. Kumar (PES University, Bangalore)

Improving Technical Communication of PG Students through Blended MOOCs ................................. 218
Sangeeta Kulkarni (K J Somaiya College of Engineering, Vidyavihar Mumbai)

Interactive Boolean Logic Learning Using Leap Motion ........................................................................ 220
Suman Deb (NIT Agartala) and Tutan Nama (NIT Agartala)

Measuring the Performance of Cross-Functional Multidisciplinary Teams Using an Epistemic Game: Impact of Team Cohesion and Personality ................................................................. 223
Sandeep Rambhatla (Amrita School of Business), Deepak Gupta (Amrita School of Business), and Rajiv Prasad (Amrita School of Business)

Technology Enabled Active Learning for Electromagnetic Waves and Theory .................................. 225
Soumya Patil (KLE Technological University, Hubballi), H.M. Kelagadi (KLE Technological University, Hubballi), Soumya Patil (KLE Technological University, Hubballi), Priyatam Kumar (KLE Technological University, Hubballi), and Rajashekar B Shettar (KLE Technological University, Hubballi)

Author Index ......................................................................................................................................... 227
