Fourth International Workshop on Telecommunication Networking, Applications, and Systems (TeNAS2010)

Welcome Message from Workshop Organizers

We wish to extend a warm welcome to everyone attending the Fourth International Workshop on Telecommunication Networking, Applications and Systems (TeNAS’2010), which is being held in conjunction with The 24th International Conference on Advanced Information Networking and Applications (AINA-2010) in Perth, Australia. We would like to thank the AINA-2010 organising committee for providing us with this forum to bring together researchers and practitioners from across the world.

For the TeNAS’2010 workshop, we received many submissions from many countries. Each of them was reviewed by two referees. The program committee, which consisted of researchers and practitioners from different fields in networking and software, selected 12 papers to be presented in the workshop, covering a wide range of related topics.

Many people contributed to the organization of TeNAS’2010. We wish to thank the program committee members, the reviewers, and Mr. Ader Huang, who developed and handled the workshop Website, for their great work. We also would like to express our gratitude to the steering committee members, Prof. Madjid Merabti and Prof. Timothy K. Shih, for their advice and guidance.

TeNAS’2010 General Chair
Rubem Pereira, Liverpool John Moores University
Wei-Kuo Hong, ChungHwa Telecom, Taiwan

TeNAS’2010 Program Committee Co-Chairs
Teh-Sheng Huang, ChungHwa Telecom.
Hong-Bin Chiou, ChungHwa Telecom
