Welcome to the AINA-2011 workshops to be held in conjunction with the IEEE 25th International Conference on Advanced Information Networking and Applications, Biopolis, Singapore. The goal of AINA workshops is to provide a forum for international researchers and practitioners to exchange and share their new ideas, research results and ongoing work on leading-edge topics in the different fields of information networks and their applications. In this time, the following seventeen symposiums and workshops will be held with AINA-2011.

5. The First International Workshop on Cloud Computing and Services (CCS 2011).
8. The First Workshop on Interworking and Interoperable Networks and Services (I2NS 2011).
15. The Fifth International Workshop on Telecommunication Networking, Applications and Systems (TeNAS2011).

We would like to thank the community for their great response to AINA-2011 workshops. The excellent technical program of the workshops was the result of a professional work from workshop chairs, workshop program committees, reviewers, and authors.

We would like to give our special thanks to Prof. Makoto Takizawa and Prof. Leonard Barolli, the Steering Committee Chairs of IEEE AINA for their strong encouragement and guidance to organize the AINA-2011 workshops and symposiums. We would like to thank AINA-2011 General Co-Chairs, Dr. Chen Khong Tham, Dr. Fatos Xhafa, and Dr. Winston Seah for their advices to make possible organization of AINA-2011 workshops. We are thankful to AINA-2011 Program Co-Chairs, Dr. Hwee-Pink Tan, Dr. David Taniar, and Dr. Minoru Uehara for their support and help to prepare the technical program of AINA-2011 workshops. We would like to express special thanks to Dr. Alvin C. Valera and Dr. Mingding Han for their timely unlimited support.

We wish all of you entertaining and rewarding experience in all workshops and AINA conference.
