Welcome Message from BLSMC 2013 Workshop Organizers

The aim of this Workshop is to facilitate exchange of ideas and collaborations between computer scientists and biologists by presenting cutting-edge solutions of Modeling, Computing and Machine Learning in Biology and Life Science.

BLSMC 2013 contains high-quality research papers submitted by researchers from all over the world. The submitted papers address conceptual and practical issues of System Biology and life science with an interdisciplinary character. We are grateful to the authors for their contributions.

We would like to thank all program committee members as well as the reviewers for their support. We thank the AINA 2013 organizers for their continuous support and cooperation. Finally, we express special thanks to Prof. Leonard Barolli, Fukuoka Institute of Technology, Japan, and Prof. Makoto Seikei University, Japan, for their timely support and organization.

We wish all of you entertaining and rewarding experiences at the BLSMC 2013 and AINA conference.
