Program Committee

Peter Aiken, Virginia Commonwealth University, USA
Giuliano Antoniol, Instituto per la Ricerca Scientifica e Tecnologica, Italy
Paul A Bailes, University of Queensland, Australia
Ger Bakker, Software Engineering, The Netherlands
Tom Ball, Lucent Technologies, USA
Ira D. Baxter, Semantic Designs, USA
Hee Beng Kuan Tan, Nanyang Technological University, Singapore
Liz Burd, University of Durham, UK
Gerardo Canfora, University of Salerno, Italy
S. Jerome Carriere, Software Engineering Institute, USA
Doris L. Carver, Lousiana State University, USA
Yih-Farn Chen, AT&T Labs - Research, USA
Cristina Cifuentes, University of Queensland, Australia
Aniello Cimitile, University of Salerno, Italy
James H. Cross II, Auburn University, USA
Kathi Hogshead Davis, Northern Illinois University, USA
Arie Van Deursen, CWI, The Netherlands
Premkumar Devanbu, University of California, Davis, USA
David Eichmann, University of Houston-Clear Lake, USA
Harald Gall, Vienna University of Technology, Austria
Gerald Gannod, Arizona State University, USA
Jean-Francois Girard, Fraunhofer IESE, Germany
Jean-Luc Hainaut, University of Namur, Belgium
John Hartman, Ohio State University, USA
Dean Hendrix, Auburn University, USA
Ric Holt, University of Waterloo, Canada
Stan Jarzabek, Fraunhofer Institute, Germany
W. Lewis Johnson, USC Information Sciences Institute, USA
Kostas Kontogiannis, University of Waterloo, Canada
Julio Cesar Leite, Pontificia Universidade Catolica do Rio de Janeiro, Brasil
Panagiotis Linos, Tennessee Tech University, USA
Paulo Cesar Masiero, Instituto de Ciencias Matematicas e de Computagco, Brasil
Anneliese von Mayrhauser, Colorado State University USA
Ettore M. Merlo, Ecole Polytechnique, Canada
Hausi A. Muller, University of Victoria, Canada
Liam O’Brien, International Management Resources, Inc., Australia
Jeff Offutt, George Mason University, USA
Mike Olsem, Y2K and Reengineering Consultant, USA
Alex Quilici, University of Hawaii at Manoa, USA
Vaclav Rajlich, Wayne State University, USA
Harry Sneed, Software Engineering Service, Germany
Perdita Stevens, University of Edinburgh, Scotland
Margaret-Anne Storey, University of Victoria, Canada
Kurt Stirewalt, Michigan State University, USA
Scott R. Tilley, University of California, Riverside, USA
Chris Verhoef, University of Amsterdam, The Netherlands
Giuseppe Visaggio, University of Bari, Italy
Harald Vogt, Software Engineering Research Center, The Netherlands
Mark L. Wilson, Naval Surface Warfare Center, USA
Steven Woods, Software Engineering Institute, USA
Hongji Yang, De Montfort University, UK
