The IEEE WiMob is an international forum for the exchange of knowledge and experience among researchers, developers and practitioners of wireless and mobile technology. For eight years, the International IEEE WiMob conference has provided unique opportunities for researchers and developers to interact, share new results, show live demonstrations, and discuss emerging directions in Wireless Communications, Mobile Networking and Ubiquitous Computing. Please refer to the Call For Papers for more details. IEEE WiMob 2013 will take place at Lyon, France, during October 7 to 9th, 2013. It will be held at the prestigious hotel Sofitel 5*, located between the rivers Rhone and Saone. Lyon, 2nd city of France, is a very exciting place. Since 2'000 years of history, Lyon has played a key (major role in France: birthplace of Cinema, silk capital of the world, Gastronomic capital of France and the cuisine capital of the world, Lyon is also the second largest Renaissance city after Venice. The historical place of Vieux Lyon was declared World Cultural Heritage Site by UNESCO in 1998.

2013 IEEE 9th International Conference on Wireless and Mobile Computing, Networking and Communications (WiMob) took place 7-9 October 2013 in Lyon, France.
