C/SI - Simulation Interoperability stds org
Standards Activities Committee
25 October 2012
Sponsor Activity

- myProject >> Manage Committees
  - 103 members (IEEE SA members)

- Active Working Group Committees
  - C/SI/DIS_WG: Working Group for Distributed Interactive Simulation
  - C/SI/DSEEP: Distributed Simulation Engineering and Execution Process Working Group
Sponsor Activity Summary (YTD)

- Working Group size | SISO PDG* size
  - 1278.1 (50) | DIS PDG (90)
  - 1278.2 (9) | DIS PDG (90)
  - 1730.1 (43) | DMAO PDG (33)

- PARs approved YTD: 0
- Stds sent to ballot: 1730.1
- Stds with newly formed Ballot Groups: 0
- Stds approved for publication: 1278.1

* Product Development Group
Active Projects – P1278.1

- P1278.1, Standard for Distributed Interactive Simulation - Application Protocols
  - Approved by IEEE-SA Standards Board on 30 August 2012
Active Projects – P1278.2

- P1278.2, Standard for Distributed Interactive Simulation - Communication Services and Profiles
  - WG met at 2012 Fall Simulation Interoperability Workshop
  - Conducting bi-weekly teleconferences to address problem reports, change requests, and review comments
  - Submitted 2-year PAR Extension Request for consideration by NesCom in Dec 2012
  - Sponsor Ballot expected in 2013
Active Projects – P1730.1

- Sponsor Ballot
  - Completed 16 Sep 2012
  - 43 Balloters
  - 90% Response Rate
  - 94% Approval Rate
  - 58 Comments

- Ballot Review Group formed and actively resolving comments

- Recirculation Ballot expected late November to early December 2012
Highlights of this Reporting Period

- Major accomplishment
  - IEEE 1278.1 approved by IEEE-SA Standards Board
  - IEEE 1730.1 Sponsor Ballot completed
  - IEEE 1278.2 PAR Extension Request submitted
