Highlights of this Reporting Period

- Work continues at its usual pace, no major challenges. P&P current and approved, with ongoing improvements in process.
- 40th Anniversary of Ethernet celebration planned for NOV 802 Plenary Session
- LMSC and IETF joint meeting in March continues close cooperation between the organizations
- LMSC submits documents to ISO/IEC/JTC1/SC6/WG1 with some challenges from the China National body
- LMSC submits documents to ITU-T and is closely monitoring the ITU Internet Governance related activities
- Next plenary session will be held in Geneva 15-19JUL at ITU facilities. An SA/ITU-T workshop will be held Saturday prior to the plenary session start.
- LMSC submits documents to a variety of Radio Regulatory bodies (e.g., FCC, Ofcom, ITU-R, etc.) regarding spectrum rules
- LMSC has liaison relationships with a wide variety of SDOs (e.g., TIA, OIF, etc.) and Alliances (e.g., Ethernet Alliance, WiFi, etc.)
- LMSC has occasional issues with certain IEEE SA Sponsors and IEEE SA Working Groups due to lack of transparency and poor cooperation
