Welcome Message from NGWMN-2009 Workshop Organizers

We would like to welcome you to the Second International Workshop on Next Generation of Wireless and Mobile Networks held in Vienna, Austria, 22-25 September 2009.

The NGWMN-2009 workshop is intended to bring together researchers from industry and academia to present their novel research findings in this important theme and discuss on-going and emerging research activities in the next generation wireless and mobile networks. Each paper in NGWMN-2009 has been technical reviewed by at least two technical program committee members and papers with good reviewers ratings have been selected for presentation and publication in the conference proceedings.

Many individuals have contributed to the success of this workshop. First of all, the workshop co-chairs would like to thank the main conference General Co-chairs, Prof. A. Min Tjoa and Prof. Makoto Takizawa for giving us the opportunity to organize this workshop with ICPP-2009. We are also very grateful for Workshop Co-Chairs for their guidance and continuous support. Last but not least, we would like to thank all authors for their interest to publish their work in this workshop.

It is our hope that you will enjoy the workshop and have a pleasant stay in Vienna, Austria.

Workshop Co-Chairs

Mieso Denko, *University of Guelph, Canada*
Leonard Barolli, *Fukuoka Institute of Technology, Japan*
