Welcome to the 1-st International Workshop on Sustainability Management of e-Business and Ubiquitous Commerce Engineering (SMEUCE-2012), which will be held in conjunction with the 6-th International Conference on Innovative Mobile and Internet Services in Ubiquitous Computing (IMIS-2012) from July 4 to July 6, 2012 at San Paolo Palace Hotel, Palermo, Italy.

It is impossible to organize such a successful workshop without the help of many individuals. We would like to express our appreciation to the authors of the submitted papers and to the program committee members, who provided timely and significant reviews. This international workshop collected research papers on the above research issues from all around the world. Papers collected in this international workshop were carefully reviewed by at least 3 reviewers. According to the review results, the program committee members selected 8 papers to be presented in this workshop.

Many people have kindly helped us to prepare and organize the SMEUCE-2012 workshop. First, we would like to thank the authors who submitted high quality papers and reviewers who carefully evaluated the submitted papers. We would like to give our special thanks to Prof. Leonard Barolli for his strong encouragement and guidance to organize the workshop.
